

KRISTEN DELOREY

Front-End Developer

PROFILE

I'm a front-end developer, committed to building responsive web applications that offer meaningful and accessible user experiences. I have a versatile technical background, with over 10 years' experience working closely with dynamic teams - delivering innovative products and providing exceptional client solutions.

EXPERIENCE

FEATURED SITES

Vinyl Resting Place

React | HTML5 | CSS3 |
Firebase | REST API

[Live Link](#)

[GitHub](#)

This app uses React components to capture form inputs and connects to Pexel's API for vinyl artwork. The collection is stored in a Firebase database and styled with custom vinyl-themed graphics.

Spaced Out

jQuery | HTML5 | Sass |
REST API

[Live Link](#)

[GitHub](#)

Inspired by NASA, this app was built with jQuery and connects to 3 APIs, each capturing real-time positioning information for the International Space Station.

ROLES

Digital, Marketing and Communications Admin. Coordinator

The Co-operators Group Ltd., Guelph ON

- Provide strategic support to the Digital-MarCom leadership team, including Chief Digital and Marketing Officer, Executive and Associate VP roles
- Coordinate usability testing for web and mobile prototypes; designed new reporting templates that deliver value-added client feedback
- Manage the department's SharePoint site; successfully delivered a new application layout, navigation framework and content redesign

Office Manager

AppDirect Inc., Montreal QC

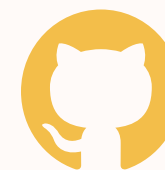

- As the first office manager in Canada, I built the foundation of Montreal social events, snack and beverage contracts, and catering vendor network
- Handled all aspects of candidate intake, from scheduling interviews to new hire onboarding and HR support; successfully onboarded over 100 new members to the team

Guelph, ON

519.400.1468
